

# Ordering from the UK

Yes we ship to the UK daily! For orders **under 135 GBP (ex VAT)** we collect VAT – and there are no additional costs for import. You don't need to pay anything extra for import/delivery of your order.

For orders **above 135 GBP** the VAT and Import Fees are collected by DPD/PostNL. Before the package is delivered you will receive an invoice that needs to be paid. A Small Service cost fee is added to the invoice.

In the shopping cart you can see if you are charged VAT: the total will display: "includes € xx,xx VAT". If your order value is above 135 GBP – there will be no mention of VAT.

**135 GBP ex VAT = roughly € 187 incl. 20% UK VAT**  
(depending on exchange rate)
